

Native American: study guide

- Be able to identify all six of the Native American regions we studied, must be **spelled correctly** as well.
- You need to know the vocabulary from the Southwest region.
- You will have to compare/contrast two regions (of your choice) using a venn diagram
- You need to be familiar with the **main resources** available in each region.
- Have an understanding of the different types of housing (longhouses, tepee, igloo)
- Be able to correctly label a map with the six regions.
- Be familiar with the different unique beliefs of the different regions.
